9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Light brown 1-2 mm granules
Odour:	Faint odour
Specific Gravity:	N/A
Solubility:	Partially soluble in water.

10. STABILITY AND REACTIVITY

Stability:	Stable in normal ambient conditions.
Hazardous decomposition:	Non known
Materials to avoid:	Non known

11. TOXICOLOGICAL INFORMATION

Skin Toxicity:	Irritant, may cause damage in contact with skin
Eye Toxicity:	Irritant, may cause damage in contact with eyes
Inhalation Toxicity:	No significant risk, inhalation of dust may cause irritation or respiratory tract.
Ingestion Toxicity:	May cause gastro-intestinal irritation
Long Term Exposure:	Not known

12. ECOLOGICAL INFORMATION

Precautions:	Notify Environment Agency immediately if large spillage enters drains, sewers or water courses
Degradability:	Readily biodegradable
Aquatic Toxicity:	Not known

13. DISPOSAL CONSIDERATION

Disposal Methods:	Product requires controlled waste disposal in accordance with Control of Pollution Act 1974 and Special Waste Regulations 1980
Packaging:	Do not re-use packaging for any other purposes. Dispose of used packaging in accordance with Special Waste Regulations 1980.

14. TRANSPORT INFORMATION

Transport	Material is not classified as hazardous or dangerous for transport according to current international regulations.
-----------	--------------------------------------------------------------------------------------------------------------------

15. REGULATORY INFORMATION

Labelling EEC Regulations	Material is not classified
